

SALEM HISTORY SOCIETY

Informational Sheet

WEBSITE:

Salem History Society Website <http://salemhistorysociety.org>

This is where the Directory will be, and this will be the major site for the public at large to find us. It, and the Salem History Common, will be the major "place" we all meet, besides the all-member meetings.

All links will be here too, so if you don't remember where anything else is, this is the place to go to find out.

EMAIL:

Direct email to the Salem History Society Advisory Board:
salemhistory@salemhistorysociety.org

SALEM HISTORY COMMON ONLINE COMMUNITY

<http://groups.google.com/group/salem-history-common>

This is the major point of contact for all members, and registering there constitutes membership in SHS.

You can also find it through "Google Groups" -- just search for "Salem History Common"

- Remember: you need to register; the board is moderated.
- Remember: you need to login each time you wish to visit, read, or post.
- Please read the welcome message.
- Please don't email the group owner directly with posts or questions or replies, but please look to the right-hand panel. Use the options provided there and post on the site itself.
- If you want to add to or start a new interest group, look under "Pages" and follow the directions.
- When you post a reply to someone else's message, use the "Reply" button at the bottom of their message.
- If you need help, feel free to ask, of course. Email the Advisory Board (address above). If you cannot access a site, or have difficulties with email, remember to save the "error" message. We can't investigate what happened without it.
- Have fun!
